PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with hands-on experience in building web applications using React.js, Node.js, PHP, MySQL, HTML, CSS, and JavaScript. Familiar with developing REST APIs, responsive user interfaces, database integration, and role-based access control through academic projects and internship experience. Eager to apply my technical skills, learn new technologies, and contribute to a collaborative development team while building reliable and user-friendly applications.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, PHP, Python

Database: MySQL, MongoDB

Tools: Git, GitHub, VS Code, REST APIs

INTERNSHIP EXPERIENCE

Web Development | HexSoftwares, Kanpur, UP, India (Remote) | [\[GitHub Repo\]](#) *July 2025 - August 2025*

- Developed 'FlexiLeave', a comprehensive leave management system using PHP and MySQL, implementing secure role-based access control (User/Admin).
- Designed responsive user interfaces using **HTML** and **CSS**, improving user experience across multiple devices.
- Built an admin panel for leave **approval/rejection**, task assignment, and dynamic department management.
- Used **Git** and **GitHub** for version control and collaborated with team members on feature development.

PROJECTS

AI Resume Analyzer | React.js, Node.js, Express.js, MongoDB | [\[GitHub Repo\]](#) *April 2026*

- Developed an AI-powered web application that analyzes resumes and provides personalized feedback to improve ATS compatibility.
- Built a responsive frontend using React.js and created robust REST APIs with Node.js and Express.js for seamless data flow.
- Implemented resume upload and text extraction, enabling users to submit resumes for automated analysis.
- Integrated an AI API to evaluate resume content and generate suggestions for improving skills, keywords, formatting, and overall resume quality.
- Used **MongoDB** to store user information and resume analysis history, and **Git/GitHub** for version control.

Get Me Chai (E-Commerce Platform) | HTML, CSS, JavaScript, PHP, MySQL | [\[GitHub Repo\]](#) *January 2026*

- Built a full-stack food ordering platform featuring secure user authentication and session management.
- Created an **admin dashboard** to manage menu items, customer orders, and user accounts.
- Managed database operations for users, orders, and products using structured SQL queries.
- Implemented shopping cart, order placement, and integrated an online payment gateway for secure transactions.

EDUCATION

Master of Computer Applications (MCA) | CGPA: 8 *2024 - 2026*

Dr. A.P.J Abdul Kalam Technical University, Lucknow, Uttar Pradesh

Bachelor of Science – Physics (Hons.), First Division (67.88%) *2020 - 2023*

Maulana Mazharul Haque Arabic & Persian University, Patna, Bihar

CERTIFICATIONS & ACHIEVEMENTS

- KYP Certification – Information Technology, Language & Soft Skills
- SkillBridge Certification – Verbal & Professional Skills (Crack-ED + Axis Colleges)
