PROFESSIONAL SUMMARY

Stack Developer with hands-on experience building web applications using React.js, Node.js, Express.js, PHP, MySQL, and MongoDB. Experienced in developing REST APIs, responsive user interfaces, authentication, role-based access control, database-driven applications, resume processing, and AI API integration. Built projects including an AI Resume Analyzer and a full-stack food ordering platform, along with internship experience developing a PHP/MySQL leave management system. Seeking a Junior Full Stack Developer, React.js Developer, or Node.js Developer role where I can contribute to real-world applications and grow as a software developer.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Backend: Node.js, Express.js, REST API Development

Database: MySQL, MongoDB

Authentication & Development: JWT Authentication, Session Management, API Integration, Role-Based Access Control

Tools: Git, GitHub, VS Code

Programming Languages: JavaScript, Python

INTERNSHIP EXPERIENCE

Web Development | HexSoftwares, Kanpur, UP, India (Remote) | [\[GitHub Repo\]](#)

July 2025 - August 2025

- Developed **FlexiLeave**, a role-based leave management system using **PHP, MySQL, HTML, CSS, and JavaScript**.
- Implemented separate **User and Admin access controls** for secure role-based functionality.
- Developed an admin dashboard with **5+ management modules** for users, departments, leave requests, and tasks.
- Designed responsive interfaces to provide a consistent experience across desktop and mobile devices.
- Integrated MySQL database operations for managing users, departments, leave requests, and administrative actions.
- Used **Git and GitHub** for version control and collaborative development.

PROJECTS

AI Resume Analyzer | [\[GitHub Repo\]](#)

April 2026

- Developed an AI-powered resume analysis platform using **React.js, Node.js, Express.js, and MongoDB** to evaluate resumes for ATS compatibility.
- Built REST APIs with **Node.js and Express.js** to handle resume uploads, text processing, AI analysis, and frontend-backend communication.
- Implemented resume **PDF/text extraction** to convert uploaded resume content into structured text for automated analysis.
- Integrated Google Gemini API to analyze resume content across **skills, keywords, formatting, and ATS-related recommendations**.
- Implemented resume analysis logic to identify relevant skills and keywords and provide an **ATS-oriented evaluation**.
- Developed a responsive React.js interface for uploading resumes and displaying analysis results in a user-friendly format.
- Used **MongoDB** to store user information and resume analysis history, and **Git/GitHub** for version control.

Get Me Chai (E-Commerce Platform) | [\[GitHub Repo\]](#)

January 2026

- Developed a full-stack food ordering platform using **PHP, MySQL, JavaScript, HTML, and CSS**.
- Implemented **user authentication and session management** for secure account access.
- Developed an **Admin Dashboard** for managing menu items, users, and customer orders.
- Implemented **4+ core customer features**, including authentication, shopping cart, order placement, and online payment integration.
- Implemented shopping cart, order placement, and integrated an online payment gateway for secure transactions.

EDUCATION

Master of Computer Applications (MCA) | CGPA: 8

2024 - 2026

Dr. A.P.J Abdul Kalam Technical University, Lucknow, Uttar Pradesh

Bachelor of Science – Physics (Hons.) | First Division (67.88%)

2020 - 2023

Maulana Mazharul Haque Arabic & Persian University, Patna, Bihar

CERTIFICATIONS & ACHIEVEMENTS

- KYP Certification – Information Technology, Language & Soft Skills
- SkillBridge Certification – Verbal & Professional Skills (Crack-ED + Axis Colleges)
